SUMMER *Gala*
with special guest

July 24, 2020

THE WHITE HOUSE

WASHINGTON

July 24, 2020

I send my warmest regards to those gathered in Savannah, Georgia, for the 40 Days for Life leader symposium.

40 Days for Life plays an important role as a leading voice for the pro-life movement, reminding us all that every human life is full of potential and worth defending. Your efforts help provide countless and critical resources to women during times of uncertainty, ensuring that they have the support they need to make choices that reflect our Nation's belief that all life is worthy of respect.

Each year, more than one million volunteers give families the tools they need to consider loving alternatives to abortion. To date, 953 cities and 64 countries have benefitted from 40 Days for Life campaigns. Not only have 107 abortion facilities closed, but 206 abortion workers changed their careers because of a campaign that changed their hearts. Our country, including the 17,226 babies whose lives have been saved, is grateful for your heartfelt work. As a Nation, we must always strive to live up to God's teaching that every human life is a precious gift from our Heavenly Father and that He has a plan for every child.

The First Lady and I send our best wishes for a productive and memorable conference. May God bless you, and may He continue to bless the United States of America.

After graduating high school, Jerry enlisted in the US Navy to become a Navy SEAL, highly regarded as the ultimate organization for camaraderie. In 1994, he received orders to Naval Special Warfare Center to attend BUD/S or Basic Underwater Demolition/SEAL training where he learned the true power of teamwork. In February 2001, Jerry was assigned to Naval Special Warfare Development Group, from which he was temporarily assigned to Naval Special Warfare Detachment 2 and served with several Joint Task Forces completing 11 combat deployments in support of Operation Iraqi Freedom and Operation Enduring Freedom and others in the global war on terrorism. During his 24 years of service, Jerry has been a part of numerous teams and served in various levels of leadership while operating in the most arduous environments, mastering the concept of teamwork, leadership, and the importance of communication. In his varying roles, his experience has ranged from junior level leadership, managing a small team with less than 15 personnel, to senior level leadership, managing several departments and over 120 personnel with varying backgrounds. There he was charged with developing and maintaining a high-performance team for no-fail missions. Jerry Shick retired from Naval Special Warfare Development Group in September of 2017 with numerous awards for his accomplishments including 6 Bronze Stars with combat "V" for valor, and 2 Defense Meritorious Service Medals. Steve Karlen
Campaign Director,
40 Days for Life

Steve got involved in the pro-life movement as a volunteer leader with the 40 Days for Life campaign in Madison, Wisconsin. Before long, he found himself at the center of a nationwide controversy as the health system at his *alma mater*, the University of Wisconsin, was secretly preparing to open a late-term abortion center on campus. Groups across the state looked to him for leadership. After nearly a year and a half, the University of Wisconsin Hospital and Clinics abandoned its plan to open an abortion facility, citing Steve and his team as the reason for the decision. Steve now serves as the campaign director for 40 Days for Life, where he trains and assists local 40 Days for Life campaign leaders, co-hosts the 40 Days for Life Podcast, and edits 40 Days for Life's *Day 41* magazine. He has spoken in all 50 states; Washington, DC; four Canadian provinces; and Mexico City. Steve lives in Madison with his wife and five children.
